

Assessments

Which of the following best describes the amount of assessments you currently pay to your community association per month?

Thinking about the amount of your overall assessments that you pay for the services provided by your association, do you feel the amount of your assessments is too much, too little, or just the right amount?

Insist that every homeowner pay the assessments, involving attorneys only if delinquent accounts are not brought up to date after sufficient notification

Make up the loss by increasing assessments for paying homeowners

Curtail services and amenities such as reducing pool hours, delaying improvements, and spending less on landscaping
